[STAGE.11] SANDIMA'S CONSPIRACY

ｺｺｺ

But, are you really all right with such things?

Ah, I see.

This is your dinner.

Listen to yourself!

Panicked

NH-NH-NH-NH-NH-WHAT DO YOU WANT, ALL OF A SUDDEN!! Knock on the door when you want to speak with me!!

Yaaaaay! I'm going to have a feast today!!

Spiders, caterpillars, earthworms, crickets...

Snakes, bats, frogs, lizards...

As well as globefish with its poison still in, among others...

Just a while ago, I've reluctantly sicced Jamuka at Grandbell's army, but...

...Sir Sandima...

Well, since the search for Cigyun's daughter is becoming very difficult...

That dinner no normal person would eat...

I thought that, if I could occupy this place by sweet-talking the king, and with a good prospect, someday I would find her, but...

Those very mysterious arts and those looks...

Since a long time ago, I've had the same feeling as him.

So you're really ...?!

San-dima?!

Ku ku ku ku ku...

Poooo...

You're very different from what I remember...

...If that king is getting in the way...

...I might as well take his place...

YOUR MAJESTY!!!

Flap flap flap...

Of course that's true! I never forget a face after I've seen it once!

Is that true, Deu?

What you're saying...

But that's the truth! That's without any doubt the person who helped us!

It doesn't quite make sense...

But you know... Why would a Prince...

...do such a thing...

All the more when it's the face of someone who saved my life!

I believe you, Deu!!

Indeed, I was the one who helped Edin.

As I couldn't tolerate my brother Gandolf's actions.

And a proud...

...warrior of Verdane...!

No matter what my feelings actually are, I'm first and foremost the prince of this country.

...However, we ultimately took arms against the army where the Lady I went out of my way to save is...

Why ?

I'm counting on you, Jamuka...

You're the only one who can protect the people of Verdane.

MOTHEEER !!!

Jamuka ...

Become a child strong of heart.

Yes, mother.

That's right... I'm different from my brother...!

Because you're a proud warrior of Verdane...

Those people ain't like that! They ain't "invaders" !!

W-Wait a sec, Jamuka!!

As long as I'm the Prince of this country...

Why our king... Why King Batou isn't the gentle king from before...

Who that Sandima guy is...

They're heading towards Verdane Castle to search for the answers to those questions!!

I'll keep on protecting my people from invaders ...!!

Twitch

Edin ...!

Ah!

By trying to protect this country all alone, you'll become one of his victims!

That's right... If that Sandima person is behind all this chain of events, then...

WOP

WOP

We should join forces...

B... But...

STAR

I'm also fighting for re-venge !!

It's no wonder he got killed by you guys... However!!

He killed more than necessary, and even kidnapped you, Lady Edin...

My elder brother Gandolf...!! That guy was a hopeless case...

Greed was his defining trait.

He was just playing tough...so he wouldn't fall behind our older brother, who would do anything.

That eventually led to his misdeeds, but...

My second brother, Kinbois... He was different ...!

He was just weak-willed Despite the appearances ...

In truth ...

He cherished me when I was young...

Didn't kill him.

And you, you ...

In truth, he was a kind brother !!

At first, I too thought about killing him, but...

This guy here, Sigurd, you know ...

POF

There were some among our companions who wanted to do in with Kin-bois, you know.

...Eh ...?

BADUMP

Circum-stances have left him a bit absent-minded.

Twobble

He doesn't look like that type of guy at all though...

He told him "Live, and atone for your sins", and made him reform.

That's my best friend for you, I guess. My oh my.

Prince!! Lend us your strength!!

I'm not asking you because of that, but... I, too, beg of you!!

Then, right now, my brother ...

Kinbois is alive...

That's right.

I beg of you!!

But ...!!

Ivan!! All those wounds, what happened?!

He's Father's aide.

Who is he ?

It's... It's Sandima...

haa!! haa!!

Th... Thank god... Prince Jamuka... You're alive...

Ivan, is that you?!?

His Majesty has exposed that guy's true colors...

Sandima... That guy is dangerous...

This isn't... your fault...

I'm so sorry...!! I was there, and I couldn't do anything ...

And that guy struck him down ...

...
Ivan...
